Finding Words
Search the assortment of letters for words of three or more letters. Words are formed from letters that adjoin in sequence horizontally, vertically or diagonally in any direction. No letter may be used more than once within a single word.

When you find a word, write it down. Keep looking and writing until time's up!

Example: Figures 3, 4 and 5 show how words may be formed using the adjoining letters S, O, L, I.
